**FAMILY PHYSICIANS**  
STRONG MEDICINE FOR CALIFORNIA

**About the Program**

Expert coding consultant Mary Jean Sage will lead this presentation, focusing on updates to Medicare E/M payments, new and edited CPT codes for 2012, conversion to 5010 and ICD-10, and changes in required documentation and how they directly affect family physicians in California.

**Program Objectives**

1. Improve practice documentation of visits and procedures.
2. Enhance provider understanding of changes to CPT codes, including additions, deletions and edits.
3. Discuss training for ANSI 5010 conversion and ICD 10 implementation.

**How Do I Connect?**

Once registered, we will provide you with a GoToWebinar URL, call-in instructions and a copy of the materials, including the PowerPoint presentation and monograph supplement. You will be able to ask questions at various points throughout the presentation, and there will also be a dedicated Q & A period at the end of the program.

**Registration**

Registration is just **\$69** per practice/phone connection (or \$89 for nonmembers) and includes 1.5 hours of AAFP prescribed credit. Only one practice representative needs to register per phone line, e.g., you may have as many staff members as you wish around a speaker phone. We will send you a sign-in sheet for your location so we know who on your team will participate and wish to receive credit.

**Registration is easy.** Complete the information below and fax with payment information to Jane Cho at CAFP at 415-345-8668 or [jcho@familydocs.org](mailto:jcho@familydocs.org). Confirmation and connection information will be provided upon receipt of paid registration.
